and

**CANYS (THE COUNCIL ON ADDICTIONS
OF NEW YORK STATE)**

New York's Closing the Addiction Treatment Gap project focuses on targeted grassroots advocacy and media work to promote increased state funding for addiction prevention, treatment, and recovery.

By participating in these grassroots trainings, you assist us in working towards our goal of creating a strong statewide network of providers and advocates.

We hope to expand communication between already existing coalitions and to extend beyond traditional constituency groups to engage wide ranging interests toward the end of obtaining additional resources for the field.
